# CYCLADES TITANS

## A TITANIC EXPANSION FOR CYCLADES!

### Key points

- Now up to 6 players
- A team game mode!
- New victory conditions and multiple strategies

Kronos, father of the Titans just barged in the Cyclades Archipelago. Helped by his faithful sons, immerse yourself in the conquest of the largest islands, alone or with a partner. To be victorious, build new and unique Metropolis with fabulous powers or take over five sacred relics! More than ever, the warriors and the gods will never rest.

*Cyclades mythology is expanding to new territories, with larger islands that will be the stage of inland battles with the help of the Titans, each worth the strength of an Army. A new God, magical artifacts and a 6th player will join the conquest.*
