SETH IS AWAKEN!

In the heart of the delta, a dark purple gleam streaks the skies, filling your troops hearts with fear.

An ancient god awakens; his cruelty is matched only by his fury.

Seth is back.

In Kemet: Seth, you will be able to embody the all-powerful jackal headed god or become one of the members of a force who will have to coordinate together to save the black lands!

The time of the fratricidal wars is over. The time has come to unite against the common enemy.

But who will win? The alliance of players or the cruel power of Seth?
